Rui & Nadia and Hannah Diogo

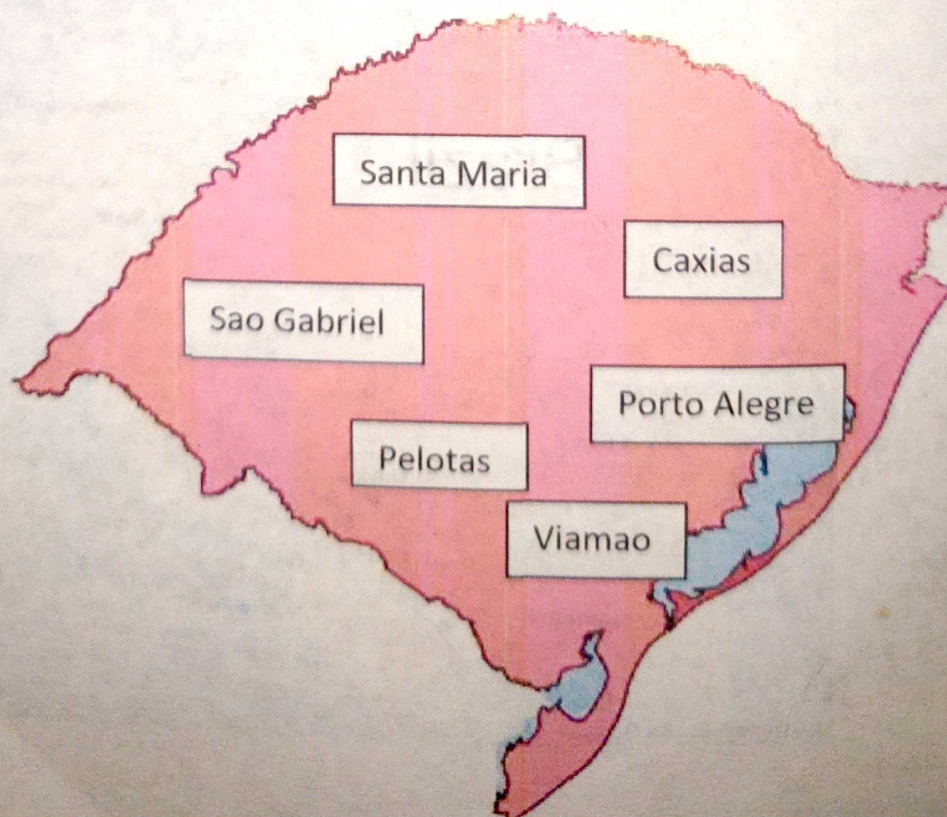

Our Mission Field

Our ministry is in Brazil, the largest country in South America. Almost 200 million people which more than 90% of them are catholic.

Nadia and I have been married for 25 years and we have a 16 years old daughter, Hannah. We are blessed to work for the Lord all these years together. When we first decided to be missionaries we came to U.S. to study to be a better tool to spread the Good news of Christ in Brazil. We came to Sunset International Bible Institute to do Bible studies and missions. After that we went to LCU to do Psychology. In 2005 we moved back to Brazil to begin the mission work. Our mission goal has been always to go to cities where there is no church and that has more than 200 thousand people. We have been working as a missionary in Brazil for more than 12 years and all the success we have achieved is due to God and to our committed partners that make this mission a reality.

During these years we had the opportunity to work in six cities. The map below, shows the cities that we have worked. We are so blessed to serve the Lord and we are looking forward for the great opportunities God has ahead of us.
